

Read Henry George's letters to the STANDARD. They will be continued during the campaign. They are the conclusions reached by a veteran observer, respecting the outlook for November. The first letter in the series is printed this morning.

TO MEET ON MONDAY

There Was Not a Quorum at the Council Last Night.

FOR SEWER CONNECTIONS

It is Proposed to extend From the Park Avenue Main Direct to the Sisters' Hospital—Consent is Asked.

Last evening was the regular night for the meeting of the city council, but owing to the excursion to Hamilton, the theater and sickness there was not a quorum present. Council, therefore, adjourned to meet next Monday night, after the pay days and the attendant business are over.

A proposition that was to have been submitted to the council last evening was a petition from Sister Superior Irene of St. Ann's hospital for permission to build a sewer down the alley between Oak and Main streets to connect the hospital with the Park avenue sewer.

This permission will no doubt be granted, as it is a public improvement. At this time all of the expense falls upon the builders, but from time to time as citizens along the line of it desire to connect with the sewer they will have the privilege of doing so upon paying to the hospital an apportioned share of the expense incurred in building it.

The sewer is made necessary by the fact that the ground available for cesspools has all been used and there is no recourse but to build the sewer connection. The Central school building is in almost the same condition and the board is very apt to take similar steps to those adopted by the Sisters.

The people voted down the proposition for the extension of the sewer system—those who took enough interest to vote on the subject—and hence the expense is borne by individuals and adjacent property holders in those sections that can afford to buy the benefit of system.

SEEING THE SIGHTS.

A. M. Walker Returned From the Hamilton Fair.

A. M. Walker returned yesterday from Hamilton, where he spent several days at the fair. He enjoyed the visit and spoke very highly of the exhibition.

"The Bitter Root valley," said he, "has become a fruit region that will eventually supply the entire Montana market and perhaps more. I have visited many farms and exhibitions where fruit was shown, but I never saw finer or better flavored apples than those at Hamilton. They had peaches and plums there, too, which were very fine, but the apples were the best I ever saw."

"They had there rutabagas big as water buckets, cabbages big as barrels and pumpkins as big as tubs, and other vegetables."

"A feature that took my eye was a stand of good old corn like we used to raise down in Iowa. Fine looking corn, no nubbins in it, and every ear evenly kernelled and all the rows filled out."

"I wish we had a railroad with that valley, instead of 180 miles roundabout as we now go; it would only be 50 or 60 miles in bee line. It would help that valley immensely by the opening up of a market, and what is more, would give us the benefit of their produce. I believe it will come some day."

PROSPEROUS LEAGUE.

Officers Elected For Ensuing Term, Officers Report.

The semi-annual meeting of the Young People of the Methodist church took place last night in the parlors of the church. The meeting indicated very fine work done in some of the departments. The pastor presided, and his opinion was that it would be difficult to find a better showing than was indicated by the reports given.

Officers were elected for the ensuing six months as follows: President, C. D. Crouch; first vice president, Mrs. H. O. Sison; second vice president, Miss A. Little; third vice president, Mrs. E. E. Lyman; fourth vice president, Miss Lulu Spraker; secretary, Mr. E. E. Lyman; assistant secretary, G. F. Talbot; treasurer, G. W. Webster; organist, Miss Spraker; chorister, P. Taylor; ushers, H. H. Taylor, G. F. Talbot.

The league is arranging for some new and important work and much encouragement prevails.

IT'S ALL OFF.

With Emphasis Mr. Bainbridge Smothers a Current Report.

Clement Bainbridge of the "Alabama" company was reported in Billings as McKinley man, and as saying that the success of Bryan meant disaster to the country.

Mr. Bainbridge in an interview yesterday branded the story as false in every point. He had not said the words attributed to him. He said he was in politics, the limitations of the profession preventing participation in campaigns by actors generally.

"The dream story printed by the Gazette and republished by the Standard," said he, "was told the reporter as a bit of gossip of which a manager I met in the East was the author. The reporter made it in his paper as though I said it, which was very wrong and unjust. I do not talk politics anywhere, and certainly if I did I would not come to Montana and thus insult the people."

AT THE HOSPITAL.

The Patients and Their Attendants and How They're Doing.

Sister Irene has secured the services of Max Arden, a professional nurse, to assist R. M. Dunn and the Sisters at St. Ann's in caring for the patients. This increases the corps so there is a nurse on watch both day and night. At this time there are about 25 typhoid fever patients in the hospital, beside the accident and other cases, all of which require great care. The hospital has not lost a case of typhoid fever this year, which is a high testimonial that needs no comment to tell of the excellent work done by the Sisters in caring for their clients.

"ALABAMA."

It Brings Out a Large House—More Going To-Night.

"Alabama," as presented by the Clement Bainbridge company at the opera house last night, is a very powerful melodrama. The plot and incidents of it are laid in the state of Alabama during the

war and in the later days of the new South. The chivalry and warm, quick impulses of the southern hearts, with the prejudices and traits of the generation that is fast fading away, are portrayed with lifelike reality and heart. The story is told in such a way that the audience becomes wrapped up in its narrative as though they too lived in "Talledega." The company is well balanced and the members of it do conscientious work. It is not a star and hero play, but one that makes a heavy call upon all the actors. A single weak spot would mar the production, but there are none of these. The house was well filled last night and to-night there will be even better attendance.

ABOUT THE CITY.

Johnnie Benson of Foskett's place is reported very sick of typhoid fever.

David Dudley Field, king of all cigars, J. V. Collins & Co., distributors.

John Marchion went down to Race Track yesterday to nurse James Kinney.

Mark Brannon came over from Butte Sunday evening to visit friends in this city.

John Scovel returned yesterday from Chicago, where he spent a week purchasing the machinery for the new steam laundry.

John Herlin dropped a bar of copper on his foot yesterday morning at the refinery. He was taken to the hospital and it is feared will lose two toes from the right foot, which was the damaged member.

John Saltenberger, an enthusiastic Macabee, received a beautiful gold badge yesterday from the National Hive, as a token of appreciation for his ability in bringing in candidates for initiation into the mysteries of the work.

About 50 Anaconda people took advantage of the excursion to Hamilton yesterday morning and spent the day at the races. They returned last night delighted with the trip and the sights, which were a revelation to most of them of Montana's resources as a fruit raising state.

J. R. Boorman and J. B. Lossee returned yesterday from their trip to the Inter Alta properties. They were delighted by the showing of the scene of operations. They had about three and one-half miles of climbing over the hills to get to the mine, which made it a hard trip for the tenderfeet.

At the Montana: M. Brannan, Butte; Miss Ethel Irving, London, England; Clement Bainbridge, Alabama; M. Martin, George S. Miller, Deer Lodge; George F. Mills, A. J. Brooks, Chicago; Ed J. O'Neill, San Francisco; C. O. Davidson, Butte; H. M. Drew, Boston; S. C. Irving, San Francisco.

Will Worth Weds.

At the home of Mrs. Rebecca Terry, 26 West Park avenue, William Worth and Miss Estella Norton were married yesterday morning. Rev. B. F. Norris of Hamilton came to the city and performed the ceremony. The groom is the proprietor of The Cafe and is a popular young gentleman of excellent habits. His bride is an accomplished and beautiful young lady, esteemed by all who know her. Mr. and Mrs. Worth will have apartments at the home of Mrs. Terry.

He Dropped It.

Bartley Conroy has a very badly smashed thumb and he does not feel pleasant about it. Bartley was picking up a brick out of a chute at the works and was working lively, as fast as brick slid down he picked them up, but contrary to his expectations the fellow above sent down two brick very close together and Conroy's thumb was caught between the two brick. The stub is not good for much at present and won't be for several weeks. Bartley dropped the brick.

George Barnard Injured.

Special Dispatch to the Standard. Helena, Oct. 5.—George Barnard, clerk in the Merchants' National bank, is laid up with his right leg, arm and nose broken. He is a nephew of Mrs. L. H. Hershfield, who is the wife of the president of the bank in which he was employed. Mr. Barnard wanted to catch a train and jumped into an express wagon which was going down to the depot, all the hacks having gone. The driver drove very rapidly. His horse got frightened at his feet striking the single trees behind him and ran away, throwing out both Barnard and the driver. The latter escaped without any injuries beyond a good shaking up.

HANNA DENIES IT.

He Answers What He Terms a Fake Report—Hobart Heard From.

New York, Oct. 5.—As Chairman Hanna was leaving republican headquarters this afternoon he was asked what truth there was in the report that he had written a letter to an intimate friend in which he conceded the election of Bryan because the republicans were unable to control the labor vote. Mr. Hanna replied: "The report is absurd on the face of it. I have not written such a letter nor have I at any time said anything capable of such construction. The report is what you newspaper men, I believe, call a 'fake'."

"I am confident that the men who work, whether for salaries or by the day, will be with the republican party in this campaign for honesty and a sound 100-cent dollar. Any other interpretation of the attitude of the wage earner would be an insult to their patriotism and their intelligence, for they have more at stake in this issue than any other class of men. I don't propose to discuss in the newspapers our plans of campaign, but I will say all our reports indicate that a great majority of the votes of the workmen will be with us in this campaign."

The silver craze may be likened to an epidemic. Its acute stage was reached a few weeks after Mr. Bryan's nomination. Like every other malady, it yields to careful and intelligent treatment."

Republican headquarters gave out the following tonight: "A report has recently been circulated in the West to the effect that Mr. Hobart, the republican candidate for vice president, is president of the hard coal trust which is alleged to have advanced the price of coal. When Mr. Hobart's attention was called to this report he said that, while he did not make a practice of denying campaign rumors, he felt that inasmuch as this matter had been circulated through the newspapers, the substance of which is as follows: 'Last December the trunk line railroads located east of the Mississippi were called upon under an agreement known as the joint rate association to select three arbitrators to arbitrate the differences which might arise between the railroads. Only trunk lines were included in this arbitration. Coal roads were not included and the arbitrators submitted to arbitration nothing to do with coal, coal production, coal tonnage, or the price of coal in any manner, form or shape whatever, whether directly or indirectly. The selection of Mr. Hobart as an arbitrator between the railroads was made because he had no interest therein in any form. Mr. Hobart also distinctly stated that he had no connection directly or indirectly with any such coal trust. He does not know of the existence of any such trust, except what he has seen in the newspapers.'"

TO UNITE ELECTORS.

An Effort Made to Bring All Democrats Together For Bryan.

Boston, Oct. 5.—A sensation developed today at the meeting of the committee appointed by the Faneuil hall democratic convention on Sept. 7, to nominate the balance of the state ticket, after the nomination of Hon. George Fred Williams to be candidate for the governorship had been accomplished. The committee had not been in session long when Boardman Hall, representing Mr. Williams, appeared and asked that the committee substitute for the electors-at-large nominated at Faneuil hall the nominees named by the Music hall convention in order that the vote for Bryan and Sewall might not be divided. After the proposition had been received Hon. John H. Sullivan, one of the electors-at-large, said the committee had no right to withdraw any candidates nominated by the convention. If the nominees saw fit to withdraw they could do so, and if any vacancies should be found the committee would see that the balance of the ticket was made up. The Faneuil hall convention was held there at 5:20 to-day. After the ticket is filed there are 72 hours given under the law for the withdrawal of candidates from the ticket and the electors desire to do so they can have their names withdrawn from the ticket.

DEMOCRATIC.

Florida Will Elect Bloxham To-Day By a Big Majority.

Jacksonville, Fla., Oct. 5.—Not since 1876 has there been so much interest taken in a state election as is displayed in the contest that will be settled at the polls to-morrow. In addition to the state issues, there are many county differences, to be settled. As a rule only democratic and republican tickets are in the field, but in some cases there are populist and independent candidates. The battle, however, is between the democrats and republicans and in the fight for important state offices the democrats will win by large majorities. Fifty thousand votes will probably be cast and of these it is estimated that Bloxham (democrat) will receive between 30,000 and 35,000 for governor.

Connecticut Town Elections.

Hartford, Conn., Oct. 5.—Town elections were held all over the state to-day, excepting at Hartford, New Haven, Bridgeport, Ansonia, Danbury and Naugatuck, and the results show a decided gain in republican strength, and a corresponding loss to the democrats. The greater political battle which will be waged at the polls four weeks from to-morrow. The extreme satisfaction at the results expressed by Lieutenant Governor Cook, the republican gubernatorial nominee, found a reiteration at the headquarters of the republican state committee, where it is stated to-night that McKinley and Hobart would get upwards of 30,000 majority at the state elections. Though to-day's elections present many local issues, which complicate the efforts to arrive at an intelligent idea of the leading parties' strength in the few towns that had been between gold and silver democratic tickets in the field, the gold men were greatly in the majority.

BALD IS CHAMPION.

Eddie Captures the Laurel Wreath By Two Points.

Washington, Oct. 5.—Washington entered the list of national circuit bicycle cities to-day, and upward of 5,000 persons saw the peak of the season's cracks struggle for the title of champion. The contest was at the International Athletic park and closed the national circuit races for 1893. The result of to-day's races gives Eddie Bald the championship for the season of 1893, yet the laurel wreath grazed the head of Tom Cooper by just two points. The meet was at the circuit season, including to-day's events. Bald had won races that gave him 67 points, while Tom Cooper was started in about the same number of races and scored 65 points. Both men rode to-day in three races and Bald won one of them and Cooper one.

One mile open, professional, final heat—Eddie Bald won, Gardner second, Cooper third; time, 2:13.5. Two-thirds of a mile open, professional, one heat—Eddie Bald won, Tom Cooper second, Cooper third; time, 1:34.2-5. Two mile handicap, professional, one heat—Tom Cooper (scratch) won, Arthur Gardner (scratch) second, Eddie Bald (scratch) third, James C. Bowler (130) fourth. Time, 4:37.1-5.

THREE RACHTS.

Baltimore Will Play Cleveland on the Latter's Grounds.

Baltimore, Oct. 5.—The Orioles took their third straight game in the Temple Cup series from the Spiders this afternoon by dint of brilliant playing, both at the bat and in the field, together with a bit of good luck here and there. The price of admission was reduced to the old-time amount, but the attendance was not materially increased thereby. All hands will leave for Cleveland to-morrow and the Orioles say there will be but one game in the Forest City, which they expect to win, and thereby settle the contest for the trophy. The game was close until the eighth inning, when the first error and second base running saved the champions three runs and put the result beyond doubt. The score by innings:

Baltimore 0 1 1 0 0 1 0 3 0-4
Cleveland 0 0 1 0 1 0 0 0 0-3
Hits: Baltimore, 8; Cleveland, 10. Errors: Baltimore, 2; Cleveland, 2. Batteries: Hoffer and Robinson; Cuppy and Zimmer.

ON THE TRACK.

At Aqueduct.

New York, Oct. 5.—This was the opening day of the Queen's County Jockey club meet at Aqueduct. The attendance was fair, but neither track nor weather was favorable.

Six furlongs—Contractor won, Braw Lad second, Galles third; time, 1:14.4. One mile—Brisk won, Premier second, Crimea third; time, 1:54.5. Five furlongs—Scr Fox won, Religion second, Celso third; time, 1:02.4. One mile, maiden—Golden Badge won, Bonamin second, Milan third; time, 1:47. Five furlongs—Billall won, Hi Daddy second, Friendship third; time, 1:36. One mile and a sixteenth—Jefferson won, Rey del Mar second, Sir Francis third; time, 1:53.2.

At Cincinnati.

Cincinnati, Oct. 5.—Six furlongs—Kingle won, Flora Ballard second, Fuero third; time, 1:16.4. One and one-sixteenth of a mile—Obscure won, Kenston second, Lake View Palace third; time, 1:19.4. One mile—Aimes Goodwin won, Joe Clarke second, Carrie Lyle third; time, 1:44. St. Helena finished second and was disqualified for fouling. Six furlongs—Why Ota won, Dorgia second, Cecil third; time, 1:18. Five furlongs—Lulu won, Belzara second, Lily Beatrice third; time, 1:32.4.

Schaefer Defeats Spinks.

Boston, Oct. 5.—Jacob Schaefer, of New York, and W. A. Spinks, of California, played two exhibition 14-inch ball line billiard games to-day. Each was a 400-point game with no handicap, and while Schaefer won both games with comparative ease, the Californian showed remarkable skill, his averaging in the first game being 15-1-3.

Assigning Troops.

Denver, Oct. 5.—General Wheaton has issued orders assigning to their respective posts the new commands that have come to the Department of the Colorado. Of these the Fifth Infantry, from Fort Sheridan, Ill., Lieut. Col. J. W. Powell, jr., his staff, the regimental band and Company A, under Captain Brinkerhoff; E. under Captain Cook; F. under Captain McGunnigle and G. under Captain Cordis, will go to Fort Bayard, N. M. Maj. Charles Hobart, with Company B, under Captain Chapin, and C. under Captain Conrad, will take station at Fort Grant, Ariz. The remainder of the regiment, Company D, under Captain Hartz, and H. under Captain Davis, will make their home at Fort Huachuca, Ariz. The Twenty-fourth Infantry, now stationed in New Mexico and Arizona, will go to Fort Douglas, Utah, taking the place of the Sixteenth Infantry, which goes to the department of the Columbia. The First Cavalry is transferred from Fort Bayard, N. M., to Fort Huachuca, Ariz. Troop A, Seventh Cavalry, goes from Fort Grant, Ariz., to Fort Bayard, N. M.

Indian Outbreak Feared.

Washington, Oct. 5.—At the request of the interior department the secretary of war has sent troops to Tusahoma, in the Choctaw country, to guard against trouble which is apprehended by Agent Wilson when the new chief of the tribe is installed. The order was sent to General Merritt at Chicago and the troops sent forward were two troops of cavalry who were at the practice camp, near Pond creek, just west of the Oklahoma line. The troops made a forced march and General Merritt reported by telegraph this afternoon that they had arrived at Tusahoma this evening. The troops were placed entirely under the orders of Indian Agent Wisdom.
